THE LAUSANNE "BOMBSHELL".

Turks Said to Be Pleased.

A FRONTIER SETTLEMENT.

(Reuter's Service.)

Paris, November 26.
Le Journal's Lausanne correspondent says Mr. Child's statement was a bombshell at the conference, especially to the British delegates, but the Turks were pleased because Turkey has promised so many things to so many people that she is finding it difficult to steer a safe course.

The Figaro's correspondent is of opinion that the statement was aimed not only at the San Remo agreement, but also at the Franco-Kemalist agreement.

An American Explanation.

Lausanne, November 26.
It is learned from an American source that Mr. Child's statement was merely a clear exposition of the traditional policy of the United States in favour of the open door.

It had no ulterior motive and does not represent any new policy with regard to American interests in Europe or anything else.

The statement was made yesterday because Mr. Child considered the moment propitious at this early non-committal stage of the conference.

Nevertheless the statement surprised some quarters, and some persist in believing it was not entirely unconnected with the question of oil.

Russia's Delegates.

Berlin, November 26.
Part of the Russian delegation, headed by Rakovsky, has arrived, en route to Lausanne.

A Week's Work.

Lausanne, November 26.
The sum total of the week's work of the conference has been to settle Turkey's European frontier along the Maritza, leaving West Thrace to Greece, and to establish a broad demilitarised zone between Turkey on one side and Greece and Bulgaria on the other; and incidentally to carry out the promise of the Treaty of Neuilly by giving Bulgaria an outlet to the Aegean at Dedeagatch or its neighbourhood.

There are indications that there is a good chance of the conference succeeding. After Thrace, Turkey's Asiatic frontiers will be considered, then the all-important question of the Straits, on which matter the Russian delegates are en route to Lausanne.

The return of Turkey to Europe has again created a Balkan bloc consisting of Greece, Rumania and Yugo-Slavia. Bulgaria has declined to join the bloc, owing to Greece's opposing the cession of Dedeagatch to Bulgaria, while Turkey is apparently willing to pay the price of Bulgarian co-operation.

GERMAN BUDGET DEFICIT.

Co-Operation Aimed At.

Berlin, November 26.
In the Reichsrath, Herr Cuno announced that he would shortly summon a meeting of Premiers of the Federal States to secure their co-operation in solving German's problem.

Germany's budget deficit was now \$100 thousand million marks of which only 45 thousand million was covered by this year's proceeds from the compulsory loan.

VON MULLER'S PROPOSED LECTURE.

Cincinnati, November 26.

Mr. Hamilton Cook, the national commander of the Disabled American Veterans of the World War, declares that the Veterans will do everything legal in their power to prevent Captain Von Muller, the ex-commander of the German raider *Erden*, from carrying out his proposal to lecture in the United States shortly.

INDIAN COAL EMBARGO.

Delhi, November 26.

The Government of India announces the provisional removal of the embargo on the export of coal on January 1. If the distribution scheme introduced last July works well, the entire removal of the embargo is possible.

M. CLEMENCEAU EXPLAINS.

New Haven, Connecticut, November 26.

M. Clemenceau declared that he did not charge the British with wilfully permitting the sinking of the German fleet in Scapa Flow.

THE TOLL OF THE MINES.

Santa Fe, November 26.

Seven persons were killed and thirty injured in the mine disaster here.

"SUI AN" PIRATES.

ATTEMPTED ARSON?

Return of the Gunboats.

The fleet of gunboats that started out on the punitive expedition against the Sui An pirates who are believed to have their headquarters at Shau Mai, returned to Hongkong during the week-end. In the absence of any official pronouncement on the matter, it is not known whether any results were achieved. A measure of co-operation is reported to have been obtained from Chinese gunboats in the search.

The police officer accompanying the expedition is back also and is preparing a lengthy report to his superiors.

Police Officer's Good Work.

What is believed to be an attempt at arson was frustrated by the prompt action of Sergeant Ellis early this morning. The odour of some burning substance attracted the officer's notice and he went on to the staircase of No. 7 Shing Oi Street to discover that a pile of sacking, well saturated with kerosene, was burning on the steps. The fire was spreading to the sides of the staircase, but by the officer's prompt action and with the assistance of Chinese detectives, the flames were extinguished before much damage was caused.

The incident is believed to be connected with the watchmakers' strike. No arrests have been made.

PRESENT ADDRESS "VICTORIA GAOL."

When a Chinese detective caught a coolie on board the Kiangsi without permission on the 25th, the captive had no fixed abode. Comdr. Beckwith, at the Marine Court this morning, fixed his residence for the next month by giving him a month's hard labour.

It appears that about three o'clock in the afternoon the detective noticed defendant with a bag of raw, good rice on his shoulder. The ship was discharging rice at the time, so the guardian of the law asked the coolie where he got it. He replied that it was given him by one of the crew. This could not be substantiated, however.

The coolie told the Marine Magistrate this morning that the bag contained only rice sweepings and he was hungry.

SHANGHAI'S GOLF CHAMPIONSHIP.

EASY WIN FOR MR. FERRIER.

MATCH PLAYED IN BITTER WEATHER.

(Our Own Correspondent.)

Shanghai, Nov. 26.
Mr. J. B. Ferrier won the Golf Championship by defeating Mr. C. T. Beath by 15 up and 13 to play. The match took place in a driving gale, with several degrees of frost—the most bitter weather conditions since the Championship was inaugurated.

In the semi-finals, Mr. Ferrier beat Mr. W. D. Lancaster by 9 up and 7 to play, while Mr. Beath beat Mr. K. M. Cumming by 7 up and 6 to play.—Ed. H.K.T.

POLITICAL MUDDLE IN PEKING.

Will the President Resign?

Peking, Nov. 26.—Most conflicting reports are in circulation regarding the political situation and the activities of the various groups now engaged in bitter strife.

The President undoubtedly intended to issue a Mandate accepting the resignations of Wang Chung-huai and his followers, but circles unfavourable to Parliament say that a group of members, learning of the President's intention, and wanting Chank Shou-tseng appointed as Acting Premier, visited the Presidency yesterday afternoon and strongly protested against the appointment of Kao Ling-wei. At any rate, no mandate was issued.

Kao Eng-hung and Sun Tan-ling identified themselves last evening with the resignation of Wang Chung-huai in a circular telegram signed by all the late Cabinet Ministers except Kao Ling-wei and Chang Shou-tseng, stating that the Cabinet had resigned and they did not intend to attend office further.

It is reported that Kao Eng-hung will proceed to Paotin-tu and Loyang to-morrow. Meanwhile it is reported that President Li Yuan-hung intends to quit, and that Kao Ling-wei and Chang Shou-tseng will nominally be Cabinet members as potential Premiers.—*Keuler*.

THE PEKING SENSATION.

LO WEN-KAN RETURNS TO GAOL.

Peking, Nov. 26.—A Chinese news agency last night reported that the judicial authorities had issued a fresh warrant for the arrest of Lo Wen-kan, but this is denied to-day in official circles, where it is stated that Lo returned to the Procurator's Gaol yesterday on his own accord on the ground that it was not right for him to remain in the Presidential premises while under arrest.—*Reuter*.

ABODE FIXED NOW.

GOLF CHAMPIONSHIP.

A. B. STEWART WINS FOR THIRD TIME.

AN EASY VICTORY.

Mr. A. B. Stewart beat Mr. T. W. Hill in the Golf Championship at Fanling yesterday seven up and five to play. This is the third time Mr. Stewart has won championship honours, the other occasions being in 1916 and 1919.

Except for a cold wind, the weather was ideal, and both in the morning and in the afternoon a large number of members followed the pair round.

The play was not of a high standard for a championship match, bogey being beaten on only three occasions, in the morning at the Gem by Mr. Hill and in the afternoon at the Twins and at the Horizon by Mr. Stewart. Neither of the players was up to his usual form. In

the morning Mr. Stewart missed a number of easy putts. Mr. Hill was nearly always outdriven and, although he did well on the green on occasions, he was inclined to be erratic. Mr. B. D. Crawford Morgan was in charge of the game. The approximate morning scores were:

Stewart: Out, 5, 5, 3, 5, 5, 6, 4, 3, 5; Home, 6, 3, 6, 3, 5, 4, 6, 5. Total, 88.

Hill: Out, 5, 5, 4, 5, 5, 6, 4, 6; Home, 6, 5, 2, 5, 4, 6, 5, 5. Total, 91.

The afternoon scores were:

Stewart: Out, 4, 4, 3, 5, 4, 5, 4, 4, 6; Home, 5, 6, 5, 4. Total, 59.

Hill: Out, 5, 6, 4, 5, 5, 4, 7; Home, 5, 5, 4, 5. Total, 65.

Morning Afternoon Total for Round. Round. 31 Holes.

Stewart 88 — 59 — 147

Hill — 91 — 65 — 156

THE PLAY.

The first hole went to Stewart 5-6. At the Twins, Hill got into the rough, but recovered well. Stewart all but reached the green with his second shot. He approached well, but failing to hole when quite near, he allowed Hill to halve. At the Bamboo, Stewart drove on to the green from the tee. Hill failed to reach it by a few yards. Hill's second stroke placed him within a couple of feet or so of the hole. He failed to get the ball down at this short distance, however, and the hole went to Stewart. Stewart drove off badly at the rise, but luckily

his ball jumped the bunkers. Hill went off the fairway to the left. Stewart reached the edge of the green with his third stroke. Hill got the green in two, but only halved it. At the Dip, Hill got on to the green in two. A beautiful putt by Stewart saved the hole for him, and four strokes each saw both balls on the brink of the hole. The Long Hole was halved in six and the Bog in four.

At the Gap, Stewart failed to clear the bunkers with his drive from the tee. Hill's first stroke put him down in the ravine. He took two to get out and on to the green. He failed badly in putting and the hole went to Stewart, 5-6. At the Turn, Hill duffed his second shot taking four to reach the green. Stewart won the hole 5-6, making him 4 up (43 strokes to 47).

THE HOMeward JOURNEY.

Stewart drove well at the Saddle, but failed in putting. Hill with his fifth got on the lip of the hole, halving in six. Hill drove off two balls at Land's End, as it looked as if his first had gone out of bounds. It was all right, however.

Hill reached the edge of the green with his third stroke. Stewart, and the hole was halved. Hill had not taken a single hole during the afternoon's play. Hill began to recover, however, on the homeward journey and there was some hope of his giving Stewart "a run for his money." The pair halved the Saddle, and Hill then had to win every hole to even things up by the 3rd. Stewart drove off badly at Land's End and this, combined with some good work on the green by Hill, gave the latter the hole. At the Gem, Hill got on to the bank to the right. Hill took the hole, 5-6. Stewart missed an easy putt at Sandy's Pulpit, and this hole, too, went to Hill. At the Armchair, Hill's drive off the tee was poor. Stewart's was stronger, but he went off the fairway to the left. Hill's second put him in the rough. He recovered well and was on the green in three. At three strokes each neither had much advantage. Hill's poor putting gave Stewart the hole, 5-6. Hill duffed his second stroke at Braeside. His third was a nice one and placed the ball a couple of yards or so from the hole, but his weak putting again lost him the point. At the Pass, Hill played one of his most brilliant strokes during the game. He holed from a distance of seven or eight yards—a beautiful shot—and won a point which before looked very much as if it would go to his opponent. Stewart got into the sand bunker at the 18th. Both players did the hole in bogey. Stewart now stood 2 up (88 strokes to 91).

PRESENTATION OF TROPHIES.

At the conclusion of the match, the Championship and Runners-up trophies were presented to the winners by the President of the Club. Addressing the company assembled outside the Club house, the President said he was sure all would agree with him that they were very meagre-looking cups he had been asked to give away, and he thought they had better ask the winners to return them to the Committee in order that they might be replaced by something more worthy of the occasion. It was a mistake to entrust the buying of the cups to the Captain, who was bound to win one of them.

EARLIER TELEGRAMS.

TURKEY AND THE BALKANS.

Paris, Nov. 25.
It is reported from Constantinople that the Commandants of the Allied police have decided to assist the policing of the city to the Turkish police, only intervening when their own nationals are affected.

From Angora an official statement denies the reported decision to expel the whole Christian population of Anatolia. It adds that Christians are pursuing their occupations in peace. Those who have left have done so under the free right of movement recently allowed.

Lausanne, Nov. 25.
The First Commission deliberated the sub-commission's report, which proposes the demilitarisation of a zone of thirty kilometres on each side of Maritsa, and the formation of an international commission to construct and supervise a freeport at Dedeagatch or neighbourhood, probably consisting of representatives of Britain, France, Italy, Bulgaria, Turkey, Jugoslavia and Rumania.

Bulgaria is dissatisfied with the decision regarding Dedeagatch, on the ground that such outlet would be useless to them unless they had unhampered possession thereof.

Ismet Pasha, consenting to the demilitarisation, remarked that Turkey was making a sacrifice. He suggested the establishment of guarantees of the inviolability of the demilitarised zone.

Later.
An arrangement has been reached for providing Bulgaria with an outlet on the Aegean.

It was regarded as the next best thing to Bulgaria's demand for possession of Dedeagatch, though it was felt that M. Venizelos might have stretched a point by ceding Dedeagatch, thus conciliating Bulgaria.

The Turks appear pleased over the arrangement, because it tends to thwart the attempt to reconstitute the Balkans League.

Lausanne, Nov. 25.

The American observer, Mr. Child, in a statement to the First Commission, emphasised that the sentiment of the American people overwhelmingly favoured the policy laid down in the memorandum of 30th October in reply to the invitation to be represented at the Conference, namely the assumption that the Allies will not carry into effect agreements in respect to Turkish territory which conflict with the principle of equality of economic opportunity and the open door.

Mr. Child was subsequently interrogated by journalists regarding the special meaning of the statement, but declined to reply.

A discussion in the French press about the possibility of the retrocession of Mosul to Turkey, and the re-arrangement of oil interests in Mosul, has excited much interest here. It is reported that a German interested in German concessions has arrived and has been communicating with the American observer, Mr. Child; but trustworthy information is unobtainable.

GREEK POLITICAL CRISIS.

Athens, Nov. 25.
The Cabinet has resigned in consequence of the refusal of M. Zaimis to assume the Premiership following a *demande*.

The British Minister is urging the non-execution of ex-Ministers and others on trial for treason if sentenced to death.

M. Gonatas is forming a Cabinet with members of the Revolutionary Committee.

Reuters learns that Hon. F. O. Lindley will break off relations and leave Greece if the executions are carried out.

SMALL-POX EPIDEMIC IN BRITAIN.

London, Nov. 25.
The Ministry of Health is insisting on the necessity for vaccination owing to reports of small-pox of a virulent type in various parts of the country since the first case was discovered in Poplar on Oct. 27. Fifty-seven cases were sent to hospital in London alone, including 52 from Poplar. There have been 17 deaths. A telegram from Montreal states that a liner from England has been quarantined with an English passenger aboard suffering from small-pox.

THE INGOLSTADT INCIDENT.

Berlin, Nov. 25.
The Inter-Allied Military Mission has strongly protested to the German Government in regard to the crowd attacking British and French control officers at Ingolstadt in Bavaria. The Commission is immediately sending officers of various nationalities to Munich to reinforce the District Committee in order to show the German Government that the result of such incidents will be a considerable tightening up of Inter-Allied control.

HUGE AMERICAN STEEL COMBINE.

New York, Nov. 25.
The President of the Bethlehem Steel Corporation has announced the purchase of the Midvale Steel Company giving the corporation an ingot capacity of tons 7,500,000. The price was \$97,650,000 payable in Bethlehem Common Stock. He added that the Attorney-General was satisfied regarding the regularity of the transaction but some opposition was to be expected by the Federal Trade Commission.

CLEMENCEAU'S CAJOLERY.

Washington, Nov. 25.
A British Embassy statement takes exception to M. Clemenceau's recent declaration that Britain "secured a guarantee of national safety" by the sinking of the surrendered German Fleet at Scapa Flow in 1919.

The Embassy denies any implication that the British authorities wilfully permitted the sinking.

INDIAN AFFAIRS.

Calcutta, Nov. 25.
After four days' discussion the All-India Congress Committee failed to achieve unanimity on the question of whether the non-co-operators shall be allowed to participate in the elections for the legislature, with the object of weakening reforms. The question was finally referred to the National Congress at Gaya on 27th December; likewise the question of boycotting British goods.

THE SEPARATIST MOVEMENT IN GERMANY.

Berlin, Nov. 25.
In the Reichstag a sensational attack was made by the socialists on Herr Mueller, Minister of Food, whom they accused of complicity in the separatists' movement in the Rhineland. Herr Mueller repudiated the accusation. The Chancellor promised an investigation. Herr Mueller subsequently resigned.

WAR EXTRAVAGANCE.

Washington, Nov. 25.
The Government has begun legal proceedings to recover sums totalling \$175,000,000 dollars, alleged to represent excess expenditure involved in the construction of recruits' cantonments during the War.

HOME RACING.

London, Nov. 25.
The Manchester November Handicap resulted—1, Torelore; 2, Arravale; 3, Orpi. Fourteen ran. Won by three lengths, six lengths between second and second. Betting 6 to 1 Torelore; 100 to 8 Arravale; 25 to 1 Orpi.

ARRESTS IN
SHANGHAI.Piratical Attempt on
Yingchow?

(Our Own Correspondent.)

Shanghai, Nov. 25.

As the result of information received from Hongkong, the Shanghai River Police escorted the steamer Yingchow up the river. Fully armed French and Annanite police were awaiting at the Dock and patrolling it, while Chinese detectives made a search of the ship.

Forty-seven Chinese passengers were arrested and detained at the French Police Station, fire-trucks taking them from the Dock to the Station. The detectives are searching their luggage this afternoon and hoping to uncover another pirate plot.

Police Still Watchful.

Shanghai, Nov. 26.—Nothing has yet been found out with regard to the Yingchow passengers, which in any way incriminates them. The Police, however, kept a close surveillance on the a.s. Taisang, which left for Hongkong yesterday.

News in Brief.

The hearing of the case against Mr. Mack, in connection with the falsified liquors scandal, will be resumed to-morrow.

The Pootung strikes have come to an end.

Majority Released.

Shanghai, Nov. 26.—The French Police yesterday arrested fifty Chinese passengers on the Butterfield & Swire steamer Yingchow, arriving from Hongkong.

According to a newspaper, advices were received from Hongkong reporting a pirate plot to seize the Yingchow after her next sailing from Shanghai, similarly to the Sui An.

All the arrested men who were able to establish their bona fides were released. The remainder, numbering twelve, are being held pending investigation.—Reuters.

The result of the Kiangwan Challenge Cup was also an upset. The favourites Social Union and Maresfield were not in the picture. The winner was Shenkoland. Nationalist was second, Thomas a Becket third.

PROTECTION OF ANIMALS

It is indeed gratifying to know that the local Society for the Prevention of Cruelty to Animals has met with such success up to date, and that it is receiving the public's support. We suggest that many more persons could, if they wanted to, render valuable assistance to this cause. It is often merely a matter of bestirring one's self a little, and not leaving everything to be done by a devoted few. Public co-operation in reporting cases of cruelty to dumb life is necessary in order that the utmost can be done. Hongkong is fortunate in not having large numbers of beasts of burden in use, and the instances of cruelty to animals here are practically confined to the loading and unloading of live cargoes, the handling of poultry in the markets, and the accommodation of birds and animals in the dealers' shops. We have, however, none of the pitiful sights provided in countries where diseased horses and bullocks are daily belaboured until they actually drop down dead under the strain; and visitors to Hongkong often remark on the absence of the hordes of stray dogs, usually in the last stages of starvation, to be seen in so many other tropical cities. We can congratulate ourselves on the possession of a dog's home, and the coming possession of another and bigger institution for both dogs and cats; on the existence of humane methods for rounding up and destroying stray dogs; and on having in our midst an active branch of the S.P.C.A., with an enlarged membership, providing an excellent augury of its continued good work.

It is mainly through the securing of the services of a full-time Inspector that the Society has been able to do such excellent work during the past few months. Inspector Fisher, in the short time he has been working for the Society, has shown that he is the right man in the right place. He has done splendidly so far, and, what is particularly gratifying, is the fact that he has worked on the basis of "instruction" rather than "prosecution." That is the right line upon which to proceed, until a healthier public

opinion is created, though, of course, the more flagrant cases of cruelty call for strong action and the punishment of the guilty when they persist in their evil ways after due warning. From the instances given by Mr. Pollock of some of the forms of cruelty still practised in the Colony, it is clear that there is still much scope for preventive and educative effort, and in this regard we suggest that the Government might well work in co-operation with the Society, even strengthening the anti-cruelty laws and enlarging the powers of the Inspector.

We quite agree with Inspector Fisher that one cannot possibly do all that is needed in a campaign against cruelty to animals in this Colony. For that reason, it is to be hoped that the Society's financial position will soon enable the employment of further Inspectors. Here is an opportunity for the sympathetic public to assist with funds, in addition to which we think the Government might consider the making of a large yearly grant to this Society, which is doing an altogether excellent work, the value and extent of which are, however, materially curtailed through lack of money.

The Tragedy of Ireland.

One of the most tragic countries in the world is Ireland. It has a history almost unique in the world's annals. Of the ancient kings of Ireland, only a small percentage died in their beds. As with the rulers, so with the people—they had centuries of unrest, feuds, bloodshed, and disaster. Ireland's association with England has seen spells of peace, with comparative prosperity; but ever and anon has come a break in the chain of happy circumstance, and an era of tragedy to add yet one more wound to the suffering of the fair Emerald Isle. And the trouble has been that so many of these wounds have been kept open, when skilled attention might have healed them without difficulty. The story of Ireland's troubles since the Dublin rebellion alone, covering a space of only six years, is a sad, sad one. The population has had a continuous nightmare of uncertainty; even uncertainty of life. And the trouble has been that so many of these wounds have been kept open, when skilled attention might have healed them without difficulty. WORLD THEATRE.

WEATHER REPORT.

"The Outside Woman."

A fire escape that is decidedly busy with the comings and goings of persons who are most anxious to meet each other, starts a mirthful ball of fun rolling at the World Theatre where the "Outside Woman," the latest Wanda Hawley picture for Realart, opened yesterday for a three days' stay. "The Outside Woman" is a clever domestic comedy, revolving around a giddy little wife whose love of selling things to the junk man gets her into a pack of trouble involving the dwellers in the apartment above, a jealous wife of Spanish extraction and an artist with a penchant for living models. Wanda Hawley enacts the star role with all that dimpled mirthfulness which has brought her such a big share of popularity. The whole play is one laugh from start to finish.

It is hoped to arrange the annual Camp for the second and third week-ends in January, at which time the 102nd. Grenadiers will be in Camp also.

A similar demonstration, with a different scheme, is being carried out next Saturday, when it is hoped that the attendance of Volunteers will justify the special arrangements being made.

The Volunteer Corps' programme of training this season is being made much more interesting than in former years. Several instructive lectures have already
